Real Estate Webmasters Partners With Fredrik Eklund On A New Website

Nanaimo, BC - Real Estate Webmasters has partnered with Fredrik Eklund, star of Bravo TV's Million Dollar Listing New York to produce "The Fredrik" website. Designed with Fredrik's direct input "The Fredrik" is a mobile first website that offers everything a Real Estate Agent could want.

Fredrik had this to say about his new site:

"My goal here is to make it easy for you. So I partnered up Real Estate Webmasters in developing this platform, they are the largest "custom" web development company servicing real estate in the world, with 150+ development & support staff and servicing over 65,000 agents globally, including a legend like Barbara Corcoran's website. I wanted the best. And I designed every detail of this sleek website, all the layers of functionality, the important connection to social media and press, and they helped me with the speed, the security, the mobility, the instant access for everyone around the world"

Agents and brokers are able to purchase the Fredrik template starting immediately, and with REW's full in house customization team they will be able to make it their own.

"The Fredrik" is meant to highlight a personal brand with a wonderful full page slideshow on the homepage that allows for the owner to show off their style. The site includes REW's high end integrated IDX solution that thousands of agents across North America have grown to trust to convert leads.

Fredrik Eklund uses this website for his own personal site, showcasing his brand and his listings using REW technology. To get more information visit: <http://www.realestatewebmasters.com/fredrik/> and to view Fredrik's website check out: <http://www.fredrikeklund.com/>

About Real Estate Webmasters:

Real Estate Webmasters, founded in 2004 by Morgan Carey, is the world's largest custom technology provider serving real estate professionals across North America and beyond. REW offers end-to-end technology solutions for real estate companies, franchises, teams and agents, including custom and semi-custom websites, marketing tools, lead management (SEO and PPC on Expert Level), CRMs and consulting services.

Some of the most successful real estate professionals in the United States and Canada are trusting and using REW's solutions, therefore billions of dollars in annual real estate sales are powered by REW's technology. The company's corporate headquarter is located in Nanaimo, British Columbia on beautiful Vancouver Island, where the majority of REW's 150 employees live and work.
